Top 5 countries (based on no of items bought)

**Top 5 countries**

USA, 494
Canada, 304
Brazil, 190
France, 190
Germany, 152

Countries

No of items bought

This graph shows the top 5 countries, in terms of items bought. It can be extracted that USA is the first and the last 3 countries are not even close to this amount of items.
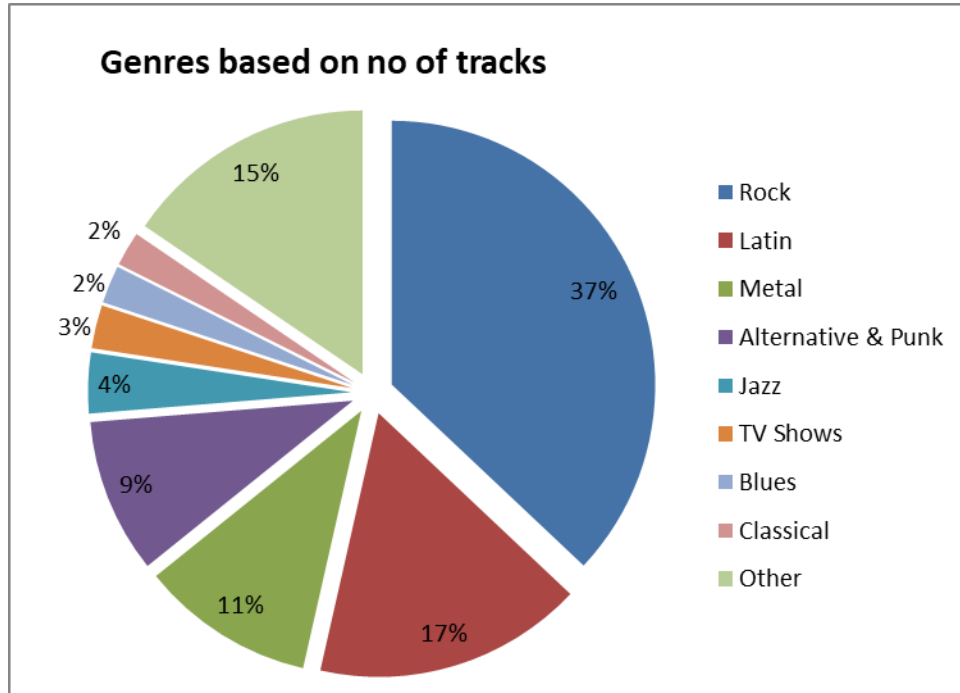

Top 5 countries (based on $ paid)

Relatively to the first graph, these are the top 5 countries in terms on money paid. USA is still on the top and way higher than the rest.

Top 5 clients (based on Invoice Totals)

Top 5 clients

Customer:
- Helena Holy, 49.62
- Richard Cunningham, 47.62
- Luis Rojas, 45.62
- Ladislav Kovacs, 45.62
- Hugh O'Reilly, 45.62

Invoice Total

Here are the top 5 clients, in terms of Invoice Totals.
Helena Holy is the best client.

Genres based on no of tracks

Genres based on no of tracks

- Rock 37%
- Latin 17%
- Metal 11%
- Alternative & Punk 9%
- Jazz 4%
- TV Shows 3%
- Blues 2%
- Classical 2%
- Other 15%

This graph shows the various music genres in terms of no of tracks. It can be concluded that Rock is the genre with most tracks. To create this graph I needed to calculate the frequencies of genres in Excel and add all the minor ones together, in the "Other" category.
